

My Fathers' Daughter

PLUTO
FILM

“ Egil Pedersen’s delightful feature debut follows the wistful teenage Elvira as she discovers the truth about her father’s identity. ”

Synopsis

Elvira, a confident Sámi teenager, firmly believes that her mother conceived her at a Danish fertility clinic. She often daydreams about her father, envisioning him as a charismatic movie star. However, her world is turned upside down when her real biological father unexpectedly steps into her life. Set against the breathtaking backdrop of Norway’s northernmost region, this family film features quirky dialogues, a captivating female protagonist, and an unforgettable supporting role by Nikolaj Coster-Waldau.
